

KA-BAR®
HARDCORE KNIVES. HARDCORE LIVES.

2016

You can buy any knife or you can own a **real** KA-BAR®.

The KA-BAR® is a field-use knife that we have been making since WWII.

These specifications are for our CURRENT production and reflect the evolution and improvement of the knife design & materials over the years.

"The KA-BAR" is differential heat treated, with the tang being slightly softer than the blade. We have used this heat-treat process since WWII to assure that even under the punishing field conditions of battle, your KA-BAR will most likely bend and not break, thus allowing continued use and not rendering the tool functionless.

While "The KA-BAR" is marked "USMC" on the pile side (or reverse side) of the blade, for several years now we have also offered Olean-made leather handled KA-BAR knives marked with "U.S.ARMY" and "USN".

KA-BAR® Knives, Inc.

Since 1898

We wouldn't tell you to buy a KA-BAR® knife because of its military heritage or because it's a legend in the world of knives.

We wouldn't tell you to buy a KA-BAR® because it comes from an American company with more than a century of knife-making experience.

And we wouldn't tell you to buy a KA-BAR® knife because of its resistance to corrosion, tested strength, unmatched edge-holding ability and out-of-the-box razor sharp blade. Because there's only one real reason to buy a KA-BAR®.

When it comes down to it and you're all alone and your survival depends on a knife, you're going to want a knife you can trust. A knife that won't fail you. A knife that has proven itself time and time again.

You can buy any knife or you can own a KA-BAR®.

LIMITED LIFETIME WARRANTY

KA-BAR Knives, Inc. (the “Company”) warrants, to the original purchaser of the knife only, that this knife will be free from defects in material and craftsmanship under normal use and maintenance for the lifetime of the original purchaser. This Limited Warranty does not apply to any failure of, defect in, or damage to the knife caused by neglect, normal wear and tear, or by improper use, including throwing the knife, batoning with the knife, using the blades as a can opener, chisel, pry bar, screwdriver, digging tool, or for any heavy work for which the knife was not designed.

If the knife fails to satisfy this Limited Warranty, the Company will repair or replace the knife or substitute a knife of comparable value, at the Company’s option, and such repair, replacement or substitution shall constitute the sole remedy for any failure of the knife to satisfy this Limited Warranty or any implied warranty (ies) of the Company. In order to have a Limited Warranty claim evaluated by the Company, you must return the knife, at your own expense and risk, to KA-BAR Knives, Inc., at 200 Homer Street, Olean, NY 14760, attention Customer Service Department. Please include with the returned knife a brief written description of any claimed defect(s) in or failure(s) of the knife. Any returned knife determined by the Company to not be eligible for repair, replacement or substitution under the terms of the Limited Warranty will be returned to the Owner.

THE COMPANY MAKES NO EXPRESS WARRANTY OR REPRESENTATION WHATSOEVER OF OR WITH RESPECT TO THE KNIFE OTHER THAN THE FOREGOING LIMITED WARRANTY, AND ALL SUCH OTHER EXPRESS WARRANTIES ARE HEREBY EXPRESSLY EXCLUDED. ANY IMPLIED WARRANTIES OF THE COMPANY, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS, ARE LIMITED IN DURATION TO THE DURATION OF THIS LIMITED WARRANTY. THE COMPANY WILL NOT BE LIABLE FOR ANY SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES, AND ALL SUCH DAMAGES ARE EXPRESSLY EXCLUDED.

Some states do not allow limitations on how long an implied warranty lasts, or exclusion or limitation of incidental or consequential damages, so the above limitations or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Caring for your KA-BAR®

Wipe blades after use with a dry, soft cloth. If knives are exposed to salt water, wash with mild dish detergent, rinse with tap water, then wipe with a dry, soft cloth.

Storing

Treat blade with a light coating of mineral oil before storing in a dry area separate from its sheath. If possible, store in paper sleeve provided with the knife at purchase.

Sharpening

Keep knives sharp by touching up edges as needed. Most KA-BAR® knives can be sharpened using an Arkansas stone or commonly available sharpening system. Most knives can easily be touched up using a coarse or hard stone.

When bringing back a very dull edge a coarse or hard stone should be used first, followed by a finer, softer stone.

Knives made with D2 steel require diamond or ceramic sharpeners. Knives should at no time be sharpened on a belt sander or bench grinder. These machines ruin a factory-sharpened edge.
